The $SU(2) \otimes U(1)$ Electroweak Model Based on
the Nonlinearly Realized Gauge Group. II.
Functional Equations and the Weak Power-Counting

Acta Phys. Pol. B **41**, 597 (2010)

The term in the third line of Eq. (12), *i.e.*

$$+M^2 \frac{\kappa}{2} \left(\text{Tr} \left\{ \left(gA_\mu - \frac{g'}{2} \Omega \tau_3 B_\mu \Omega^\dagger - F_\mu \right) \tau_3 \right\} \right)^2, \quad (1)$$

should be replaced by

$$+M^2 \frac{\kappa}{2} \left(\text{Tr} \left\{ \left(g\Omega^\dagger A_\mu \Omega - g' B_\mu \frac{\tau_3}{2} + i\Omega^\dagger \partial_\mu \Omega \right) \tau_3 \right\} \right)^2. \quad (2)$$

The errors have a pure editing origin. Therefore they do not affect the content of the paper.
